

51ST IFTDO

WORLD CONFERENCE & EXHIBITION 2025

13-15 MAY 2025 | BALI INDONESIA

THE FUTURE OF PEOPLE AND ADAPTIVE ORGANISATION IN THE DIGITAL ERA

As we stand on the cusp of unprecedented digital transformation, one thing remains clear: the success of organisations will be defined by their ability to adapt while keeping people at the core of their strategies.

The 51st IFTDO Annual Conference in Bali will explore the intersection of technology, human development, learning and leadership in a fast-evolving digital landscape. The theme, “The Future of People and Adaptive Organisation in the Digital Era,” reflects the critical need for organizations to evolve in a world driven by technologies such as artificial intelligence, automation, and blockchain.

However, at the heart of this transformation are people—creative, resilient, and adaptive individuals who can harness these tools to enable sustainability-based performance. This conference will bring together thought leaders, industry experts, and professionals to discuss strategies for fostering adaptive organisations, cultivating leadership in times of disruption, and promoting inclusivity in the digital age.

Through insightful keynotes, dynamic panel discussions, and interactive workshops, we will discover how organizations can create environments that enable people to thrive while leveraging emerging technologies for long-term success.

INTRODUCTION OF IFTDO

The International Federation of Training and Development Organization (IFTDO) was founded in Geneva, Switzerland in 1972 to develop and maintain a worldwide network committed to the identification, development and transfer of knowledge, skills and technology to enhance personal growth, human performance, productivity and sustainable development. IFTDO is a UK-registered charity and non-profit organization. It is composed of Full Members, Associate Members and reciprocal Members. All professional organizations and NGOs are based on a solid and engaged membership. Attracting and retaining members is a vital element for such organizations to continue, whether you are a small consulting firm, a large business enterprise, a professional society, a university, a government agency or some other organization dedicated to human capital development and/or performance improvement, we invite you to join us. Visit us at iftdo.net
